### **Letter Writing Tips & Ideas**

- The letter can be about anything you want.
- You can write repeated letters to each address.
- If you have multiple children, they can each write letters and have the kids mail the letter the same day
- We wait for our postcard to arrive and then send the next letter the following day.
- Writing letter is a great skill to teach your children. By writing their favorite characters, you are teaching them how to write a letter and how the postal service works.
